World Understanding Starts At Home
By Frank Deaver
Rotary Club of Tuscaloosa, Alabama USA

Our world is full of minorities. There are racial and ethnic minorities, there are religious minorities, there are political minorities, and many more.

Rotarians also constitute a minority. Of the more than six billion people in the world, our number is only a little more than 1.2 million.

What makes Rotarians different is that we are a distinctly privileged minority. Most Rotarians are among the one percent of people in the world who have a college education or who own a computer. In our comfortable homes, we are far richer than the 80 percent who live in substandard housing. With food enough to eat, we are healthier than the 50 percent who suffer from malnutrition.

With the ability to read and write, we are more employable than the 70 percent who are illiterate.

<http://www.rotaryfirst100.org/historians/deaver/worldunderstanding.htm>

- reminded the members that **Rotary International (RI)** 'encourages' all Rotarians to consider donating at least **US\$ 100** to the **Every Rotarian Every Year (EREY) plan**. This money goes to the **Annual Program Fund (APF)** and supports all the Grants RI issues globally every year. 50% comes back to the RCBS in three-years time as **District Designated Funds (DDF)**. Members can give their donation to Tres. Rosmarie directly or they can pay by CC, online, via the **Member Access**: <https://www.rotary.org/en/selfservice/Pages/login.aspx>

- thanked the following members for contributing **US\$ 100** so far this year: [Rtns. Doris, Peter L., PP Anita, Dr. Taty, PE Patrick, and Helmut](#). WHO'S next ???

- announced that the Board of Directors had voted to donate **IDR 4.5 million** to the **Queensland's Flood Relief Program**. Should any member want to make a personal donation, please visit the following link: <http://www.qld.gov.au/floods/donate.html>

- thanked [Rtn. Detlev](#) for generously donating **IDR 2,200,000** to the Club's **Cleft Lip/Palate Project** which he collected at his weekly Sunday Luncheon hosted at his home.

- reminded the members about the **District 3400 Conference** which will be held in Bali this year at the **SANUR PARADISE PLAZA** from **10-12 June 2011**. The Registration Fee is only **IDR 650,000 per pax (Early Bird extended until 31 March 2011)**. For a Registration form and further info, please contact [PE Patrick](#) today. **LET'S ALL PLAN to ATTEND** this great Rotary experience !!!

- called on [Sec. Barb](#) to share her experiences about last year's **District Conference in Surabaya**.

Sec. Barb said she attended a number of **interesting workshops** and gained a lot of valuable information/education about how Rotary works. In addition, she thoroughly enjoyed the **camaraderie and Rotarian spirit** and loved the food and music of Madura. Overall – Sec. Barb had a very positive experience and recommended that all the RCBS members make a serious effort to attend the DisCon in Bali from **10-12th June**.

- [PE Patrick](#):

- thanked [Rtn. Peter E.](#) for collecting IDR 1.2 million in donations from his customers by putting out his Cleft Lip/Palate post-cards at his restaurant – **the Lestari Pasta & Grill Restaurant at Umalas Stables**.

- asked the members to help support **Daniel Elber's wonderful Muntigunung Eradicating Poverty Program** by **BUYING** his products:

Rosella tea	IDR 45,000 per basket
Rosella sweets	IDR 55,000 per basket
Palm sugar	IDR 60,000 per basket
Roasted cashews	IDR 80,000 per basket

PE Patrick said that he would be bringing these products to the meeting each week and hopes that the RCBS members will **BUY BUY BUY**. He also said that he had given some samples to the **Metis** and had asked them to consider selling these items in their shop.

[PP Urs](#) indicated that his Hotel – **Discovery Kartika Plaza** – had been selling these products for the past few months and to date had had over **IDR 11 million** in sales.

- mentioned that another way to support the Muntigunung Program was to go on one of their **Mountain Trekking excursions** for only **US\$60.00 per pax**. PE Patrick distributed some brochures and asked the members to consider organising a day out at the end of February to **Celebrate Rotary International's BIRTHDAY (23 February)**. More info to follow

He then asked [Rtn. Raphaël](#) to share his experience about the day he went trekking:

Rtn. Raphaël said it was not really difficult, only a little hard on the knees going downhill (700 m)!!! He said the views were sensational and certainly an experience that very few tourists ever get to see. And the **BONUS** – you are helping women stay in their villages where they are gainfully employed and **NOT** on the streets of Ubud – begging

- [Rtn. Chris](#) took a few minutes and informed the members that he had received several **POSITIVE** reactions from **Rotary Clubs in the USA and Australia** regarding his '**Fast Fast Disaster Relief Response**' fundraiser. He is hoping in the very near future our Board /Club would give him the **GREEN** light to open this up to other Districts/Clubs around the world.

'Delivering Effective Eco-practices for Leaders and producing Leaders in Sustainability Development' by Abdul Rahim

GUEST SPEAKER - **Abdul Rahim** (right) is a dynamic trainer, consultant and presenter. His unique sense of humor and understanding of human behavior acquired in an extreme environment, have made him one of the best in his field. His experience in overseeing the day-to-day running of a maximum-security prison at Changi Prison Complex provided him with the opportunity to fully develop his project management and leadership skills.

He asked the Club members – “**What is Sustainability?**”

The Answer – “Development that meets the needs of the present without compromising the ability of future generations to meet their own needs.”

Natural Resources are declining and yet there is an increasing demand for these Resources. HOW do we solve/resolve this dilemma???

Answer – consider joining an **Eco-Leadership** program. Abdul’s company is a social enterprise providing training, consultancy and speaking services that engage and empower individuals and organizations to work towards strategic sustainable development.

“You must be the change you want to see in the world.”
~ Mahatma Gandhi

In the current growing awareness of climate change and environmental degradation, many organizations are looking at the risks that these areas pose to their organization as well as the potential opportunities that arise from being able to begin their journey towards ‘sustainability’ and ‘greening.’

One of their goals is in lowering costs whilst overcoming operational barriers and also meeting the needs of the Present.

Some of the questions that are asked in a typical workshop are:

1. *What risk is my organization specifically exposed to and how do I mitigate these?*
2. *How do I engage employees and embed sustainable working practices throughout my organization?*
3. *What cost savings can be generated through business optimization?*

In order to discover these and more answers, consider enrolling in one of Abdul’s many programs: <http://www.ecoleadershiptraining.com/>
